

Sixth Form Options - 2023

Please see the sixth form options columns below.

- Please select a **maximum of three** options from columns A to D.
- You should select no more than one subject from a single column.
- You must select **at least one academic (A-level) course**.
- You may select an enrichment option.

Minimum GCSE entry requirements to take each subject in the sixth form are shown in brackets after each option. You must also attain at least a grade 4 in English and maths to enter the sixth form.

Options subjects have been arranged according to combinations that have been most popular among students in previous years. While any changes to the columns are unlikely, please let us know if there is a clash between your preferred subjects. We will do our best to work with students in order to offer a suitable curriculum.

	Column A	Column B	Column C	Column D
